EDUCATIONAL NOTES

BUSY TIME AT HIGH SCHOOL—MARK KEPPEL SPEAKS TO PACIFIC AVE. P.-T. A.

In addition to regular work, the High School pupils generally are as busy as bees in an apple orchard in blossom. The reason? Have you received one of those unique circulars, nicely folded, with a solemn warning on the cover, "Do not open this—unless'—— But being mortal, and (Darwin or no Darwin) as curious as a monkey, you do open it, and on the inside read: "You are coming to the Variety Show Feb. 15, 16." That gives away the secret of the busy-beeness.

Under the general supervision of Prof. A. L. Ferguson, the committee of arrangements are Mildred Wight, Kathryn Coates, Helen Harden, Lehman Crandall, Walter Beach and William Rees. Everything is progressing finely, and the Variety Show will be a splendid success.

The tickets were given out yesterday and a prize offered to the five pupils who sold the greatest number. "That means some hustle," as an observant small boy remarked. It costs quite a lot of money to do certain things at the High School which are very interesting to both the pupils and the public, but for which no money is provided by the school trustees. The proceeds of tickets sold for this entertainment are to partly pay those extra but necessary expenses. Yes, necessary in order to maintain the proper High School enthusiasm, develop desirable initiative, co-operation and activity outside mere curriculum routine, stimulate competitive ambitions, and at the same time, give the interested public a most enjoyable entertainment for a nominal cost.

On this point Prof. Ferguson said: "I am firmly convinced that the good which comes from the co-operation for a worthy aim, and the training in organization, is worth as much to the pupils as some of their studies; and they are not allowed to neglect those either."

"They are working on something for themselves, and the results show their attitude. They take a different interest in their special activities because they themselves make those activities possible."

It may be suggested here that the boys' and girls' glee clubs are both working on certain stunts of humor and music which will be as surprising as they are entertaining.

That farce being prepared by the Oral Expression department will be a headliner.

The wind instrument brigade have an act up their horns which will simply rain local jokes on unsuspecting auditors.

The four cities composing the Glendale Union High School district have no lack of local talent and originality, as will be fully demonstrated at their co-operative Variety Show Feb. 15, 16.

After school yesterday at the Parent-Teachers association meeting in the Pacific Avenue school, County Superintendent Mark Keppel raised a preliminary laugh by opening his splendid address with: "Mrs. President, Ladies and Gentleman"—there being only one poor lone mere man in that room filled with ladies—and he looking like a jay bird in a dove convention.

County Superintendent Keppel's original, impressive, interesting talk on patriotism won frequent applause. I have listened to many a talk on patriotism. That one was different. If sent all over the district in pamphlet form it would be a campaign of education in itself, not only for pupils and teachers, but for voters and tax-payers.

Part of the patriotic work reported by the P. T. A. was the significant fact that boys from the Pacific Avenue school, uniting with those from the Intermediate, helped the forester to plant four hundred trees lately, besides doing a lot of very creditable gardening and other outside work at their schools. The boys of Glendale are truly patriotic in the higher sense of that much abused word, which means vastly more than being willing to go out and kill or be killed pro bono publico. To be a good soldier is all right when the dire necessity demands. But it is really more difficult to be and remain a good citizen, the primary thing for which California pays out millions of dollars in public school funds and will continue to pay out more and more as she is able.

As nearly as could be learned from reports that were in this forenoon Irving Westwood, Jeannette McClennan and Milton Kranz were the leaders in the prize contest for selling the most tickets to the Variety Show.

BOARD OF TRUSTEES

HEAR REPORTS OF CITY OFFICERS AT SHORT SESSION THURSDAY

The regular meeting of the board of trustees was held in the city hall Thursday evening, February 8. Present: J. S. Thompson, president of the board, and Trustees Charles Grist, R. M. Jackson, F. L. Muhleman, G. B. Woodberry. There were also present J. C. Sherer, city clerk; T. W. Watson, city manager; W. E. Evans, city attorney; H. B. Lynch, manager public service department; A. H. Lankford, city marshal.

The minutes of the last regular meeting were read and approved.

Application was presented from J. W. Music for permit to conduct a dairy on Sixth street, Casa Verdugo, and the same being approved by the milk inspector was, on motion of Trustee Grist, granted.

Application was presented from C. W. Trusty for permit to operate a motor bus, and having the approval of the city manager, the same was granted.

Reports were presented from the city clerk, treasurer and tax collector—the report of the tax collector being as follows: Tax collected week ending February 7th, $272.99, total collected to date, $38,228.89.

The manager of the public service department reported progress in laying water pipes.

PACIFIC AVENUE P.-T. A.

After an unusually interesting and lively parliamentary drill led by Mrs. Greenwalt, the regular P. T. A. meeting of the Pacific avenue school was held at 3:15 Thursday afternoon, February 8. Mrs. Ella Richardson was in the chair and Mrs. Minnette Sherman officiated as secretary. The meeting was opened with the singing of the "Star Spangled Banner," after which the salute to the flag was led by Mrs. Herron. The following committees reported: Mrs. Hearnshaw on membership, told of a substantial increase; Mrs. Hilbert, of the educational committee, reported the committee's visit to the school trustees in the interest of a new grade for the school. A petition in the interest of elementary school legislation, started by this committee, but written by Mr. R. D. White, was submitted for signatures. Mrs. Herron of the patriotic committee, suggested the conserving of waste paper. Mrs. Greenwalt, parliamentarian, extended to all the invitation to attend the drills. The program of the afternoon was in charge of Mrs. Roscoe Puffer. Mrs. Zetta Gibbons sang two charming selections. Mark Keppel, county superintendent of schools, gave a splendid address on patriotism in his sincere way. He further explained the bills that are before the legislature on school matters. Mrs. Hutchinson, president of the Federation, spoke and urged attendance at the birthday celebration of the Federation, February 19, at the Presbyterian church. Tea was served after the meeting.

Mrs. A. F. Chase will be at home to the ladies of the Columbus avenue district Wednesday afternoon, February 14, from 1 to 5.

IOWA PICNIC

The annual reunion of the Hawkeyes of the Southland will be held at Eastlake park, Los Angeles, on February 22. The object of these annual reunions is the closer union of all former Iowans and their friends to enable them to renew and form acquaintances and to promote the fraternal spirit that inspires those who come from the same state. There are a number of Iowans in Glendale who always attend these reunions and it gives an opportunity to the Hawkeyes who are loyal to our city to tell of the beauties of Glendale and bring us new citizens. The executive committee of the Iowa Association of Southern California includes Judge Frank R. Willis, C. H. Parsons, Judge Fred H. Taft, Ed. W. Hopkins and Judge Curtis D. Wilbur. Among the speakers will be former Governor Milliman, who is in Southern California for the winter.

PEOPLE'S BIBLE CLASS

"The People's Bible class" will meet as usual at the Presbyterian church this evening at 7:45. Dr. Pratt's expositions of important truths in the book of Romans are such as should interest all classes of people. Visitors are always welcome.

WILT HANGED THIS MORNING

MAINTAINS HIS INNOCENCE TO AUTHORITIES BEFORE TRAP IS SPRUNG AT SAN QUENTIN

(Special Service to Glendale Evening News)

SAN QUENTIN, Feb. 9.—Joseph Vance Wilt was hung at 10:30 this morning. Before the trap was sprung he made a speech in which he reiterated his innocence. The crime of which Wilt was accused occurred on the morning of February 14, 1916, in Germantown, Cal. He is alleged to have gone to the home of his brother-in-law, J. T. Jansen and at the point of a gun forced Jansen and Warren C. Smith, both employed in the Rochdale store, to leave their beds and go to the store. When they could not open the safe he marched them down a railroad track at the point of a gun and when they started to run opened fire, killing Smith and wounding Jansen. Wilt being masked, Jansen did not recognize him. It later developed that Jansen and Wilt had been principals in a family quarrel. Wilt was 30 years old and his previous record had been without fault. His sister led the fight to secure a commutation of sentence. He and his wife had separated and his little daughter was living at the Jansen home when the crime was committed.

BIG MOVE FOR PEACE

WHILE THE U. S. IS PREPARING FOR WORST PROGRESS IS BEING MADE BY PEACE ADVOCATES

(Special Service to Glendale Evening News)

WASHINGTON, Feb. 9.—While America is hoping against hope that she may not become involved in war and at the same time preparing for any eventuality, a tremendous sub-surface move to keep peace is progressing. One element of this movement is the effort of other neutral nations to hold a conference in Madrid endeavoring to confine the war to its present limits, and get the assurance of Germany that she will not harm neutrals on the high seas. Another element in the movement is the effort that Count von Bernstorff is expected to make when he reaches Berlin. It is positive that President Wilson will not declare war with Germany unless there is some positive violation of American rights.

GERARD READY TO LEAVE

MILITARY ESCORT WILL BE PROVIDED AMERICANS LEAVING GERMANY FOR SWITZERLAND

(Special Service to Glendale Evening News)

BERLIN, Feb. 9.—Preparations for the departure of Ambassador Gerard, his staff and American Red Cross officials have been completed. A special train will convey the party to Switzerland. A military escort will be provided for the party and other courtesies will be shown them.

FORD MAKES ADDITIONAL OFFER

PLACES HIS ENORMOUS FORTUNE AT DISPOSAL OF COUNTRY IN CASE OF WAR

(Special Service to Glendale Evening News)

NEW YORK, Feb. 9.—Following his magnificent offer of the use of his Detroit plant to the government to be used as a munitions factory in case of war, Henry Ford to-day placed his large fortune at the disposal of his country. He offers to lend the government any part of his fortune without interest in the event that we are called upon to fight with Germany.

NORWEGIAN STEAMERS TORPEDOED

TWO MEMBERS OF CREW LOSE THEIR LIVES WHEN IDA IS VICTIM OF SUBMARINE

(Special Service to Glendale Evening News)

LONDON, Feb. 9.—Two were killed when the Norwegian steamer Ida was submarined. The Norwegian steamer Hanskinck and the British steamer Hannah Larson were also sunk by submarines. The captain of the Hannah Larson was killed.

WANTS VOTE ON WAR

WOULD TAKE POWER OF DECLARING WAR FROM HANDS OF PRESIDENT AND CONGRESS

WASHINGTON, Feb. 9.—Congressman Galloway of Texas today introduced a resolution whereby the President or Congress could not declare war against any foreign country without a referendum vote of the people.

INVESTIGATE TORENO'S SINKING

AMERICAN CONSUL AT LIVERPOOL REPORTS THAT NEGRO WAS BORN IN CANADA

(Special Service to Glendale Evening News)

LONDON, Feb. 9.—As a result of the investigation following the submarining of the British steamer Toreno, in which it was reported that an American had been killed, the American consul at Liverpool reports that the negro in question was born in Canada and probably is a British subject.

FATHER'S NIGHT

MEN ENTERTAINED AT WHITE HOME BY PARENT-TEACHER LADIES

The Parent-Teacher association of the Columbus avenue school met at the hospitable home of Mr. and Mrs. J. R. White, 101 Orange street, Thursday evening, the occasion being "Father's Night," and a very interesting patriotic program was given. The American flag, large ones and small ones, was very much in evidence, and the program began with a salute to the flag, led by Mrs. Florence S. Kurtz, patriotic chairman of the first district. The "Star Spangled Banner" was then sung with Mr. Chappell at the piano, every one present waving a small American flag at the appropriate moment. A piano duet by Mrs. Calvin Whiting and Mrs. Abell was among the pleasing musical numbers rendered, and the male quartet of the Congregational church, consisting of Messrs. Abell, Beers, Franklin and Yarick, gave selections that were greatly enjoyed. A vocal solo by Mrs. Stewart added much to the pleasure of the assemblage. Arthur D. Brown, who is principal of the McKinley school in Los Angeles, gave an address on "Co-operation of Parents and Teachers and the School," which was listened to with much interest and enthusiasm. Richardson D. White, supervising principal of the Glendale schools, spoke on school finances and offered a petition for all to sign for the passage of laws pending in the state legislature of interest to the school. The petition was worded as follows:

"We the undersigned members of the Parent-Teacher association of the Columbus Ave. school, Glendale, Cal., respectfully petition the legislature of the state of California to pass the following bills:

"1. Bill No. — providing an increase in the state apportionment for elementary schools to a minimum of $20 per unit of average daily attendance.

"2. Bill No. — providing an increase in the county apportionment for elementary schools to a minimum of $25 per unit of average daily attendance.

"3. Bill No. — providing a district tax for building purposes with a maximum of 15c on the $100 of assessed valuation.

"4. Senate bill No 1534 providing for annual conventions of elementary school principals.

"5. Bill No. — providing for a farm school at Riverside. We feel that the provisions of these bills are necessary to the welfare of the children of the state, and we therefore urge their passage."

The program closed with the singing of "America," after which refreshments and a social hour was enjoyed. About ninety people were present, about twenty-five or thirty fathers being in attendance, and the meeting was one of the most successful and enjoyable ever held by the Columbus avenue P.-T. A.

INTERMEDIATE SCHOOL

The spring term at the Intermediate school began Monday, Feb. 5th, with regular class sessions of the revised program taking effect. Forty-nine new students entered the 7B grade from grammar grades of the city and were divided into two sections, thus balancing up the average enrollment previously depleted by the graduating class.

The custom of presenting honor cards covering the first term was observed on Friday. Approximately 50 pupils received such cards for maintaining an attendance record of no absence nor tardiness, while nearly 100 honor cards were issued to those who had not been detained for misconduct. This is a splendid record.

An indoor baseball game between the 7th and 8th grades resulted in a 12 to 15 score victory for the latter. Baseball letters were awarded by the Athletic Association to the following girls: Gladys Fansett, Margaret Crawford, Helen Beach, Dorothy Brown, Francis Smith and Irene Morgan.

The Intermediate Girls' basketball team was outpointed in a game with Tropico by the narrow margin of 12-14. Victory for either team was in doubt until the final whistle. Miss Scholz refereed the game.

On Tuesday a light weight High School Freshman team defeated a corresponding team of the Intermediate school in a closely contested basketball game by the score of 17-14.

WEATHER FORECAST—Fair tonight and Saturday. Westerly winds.

AT STATE CAPITOL

BILL INTRODUCED BY HAWES MORE TO SECURE RUEF'S FREEDOM

SACRAMENTO, Cal., Feb. 9.—What some people believe to be a move to force Governor Johnson to pardon Abe Ruef, former San Francisco political boss, is scented in a bill introduced in the legislature by Assemblyman F. C. Hawes of San Francisco. If passed, it will compel the governor to pardon convicts, restoring them to full citizenship, after they have been on parole for two consecutive years.

At present the power of pardon rests solely within the discretion and option of the governor. The Hawes bill would force the governor next August to pardon some 200 convicts, including Ruef, who was paroled from San Quentin prison in August, 1915.

The great cigar store pastime—"twenty-six"—is attacked in two bills which will come before the legislature in the March session. "Twenty-six" is included in the sections which would make all dice shaking and card playing for money, cigars, drinks or other "merchandise" unlawful.

These bills, introduced by Senators Jones and Burnett, also take a swat at "pea pool," "academy" and billiards as methods of gambling.

There are several bills which aim to make more drastic the punishment for sale or possession of lottery tickets.

CHINESE EVENING

The Young Women's Missionary Society of the Presbyterian church met at the home of Mrs. Reid Fulkman on the corner of Glendale avenue and Chestnut street on Thursday evening, about thirty-two being present. A very attractive program was presented by Miss Martha Porter, chairman of the program committee, who had arranged to have three members dressed in Chinese costumes, the subject for the evening being "China." One of the costumes worn was a very beautiful and valuable one, beloning to the trousseau of a Chinese woman which had been sent here with one of the missionaries to sell in this country, the Chinese woman desiring to use the proceeds to educate her child in Christian schools. One of the returned Presbyterian missionaries, Miss Mary Theodora Banks of Canton, China, was also present. She was accompanied by a young Chinese girl in native costume. Miss Banks gave a very interesting talk on Chinese bridal customs. Miss Clara Waugh, who is a clever pianist, played many beautiful selections during the social hour. Chinese calling cards were presented to each guest, as is the Chinese custom, and Chinese refreshments, consisting of tea and rice cakes, were served. Three new members were received into the society, which is less than a year old and now has 31 members. The society holds its regular meetings in the afternoon but every three months a special evening meeting is held to allow members and friends employed during the day to attend, and the special meeting held last night proved one of the most enjoyable ones held. During the businsss session officers for the new term were elected as follows: Mrs. C. C. Widney, president; Mrs. H. L. Brown, vice president; Mrs. W. E. Edmonds, second vice president; Miss Elizabeth Hosack, recording secretary; Mrs. Reid Fulkman, treasurer; Mrs. L. M. Richardson, corresponding secretary; Mrs. R. D. King, secretary of literature; Miss Martha Porter, chairman program committee; Mrs. E. D. Stafford, chairman hospitality; Miss Clara Waugh, pianist.

DISTINGUISHED VISITORS

Mrs. E. J. Dodge of 1469 Milford street entertained the members of the Entre Nous club on Wednesday, February 7th, and had as special guests of the afternoon Dean and Mrs. Wilkens of Kirkwood, Mo.

Dr. Wilkins is a brother of Mrs. Dodge and will be remembered by many as a former dean of St. Paul's Pro-cathedral, Los Angeles. Many of the club members enjoyed the opportunity of renewing an acquaintance formed several years ago, while the newer members were no less charmed with these delightful visitors.

After the usual business meeting the club enjoyed a social hour and the afternoon was ended by the serving of delicious refreshments by the hostess. Mrs. Dodge was assisted by her daughter, Mrs. Hellyer, and Mrs. A. C. Read.

STUDIES IN PERSONAL DEVELOPMENT

By Walt. Le Noir Church

STUDY XXI.—CO-OPERATION

Since none of us is entirely independent, nor wholly dependent, but all of us are mutually interdependent, there is a hint worth taking in the old saw:

There is so much good in the worst of us,
And so much bad in the best of us,
It ill becomes any of us
To criticse the rest of us.

The highest achievement in public betterment is rarely an individual act, or the work of an individual, but the result of intelligent, discriminating, fortunate co-operation of several hundred individuals inspired with a common purpose, expressed in unified activity, for mutual benefit, and for the public good.

Co-operation is the first essential of success in a school, a city, state or nation; and, as we are being dreadfully taught, among the nations of the world. The universal slogan, "All for one, and each for all" is but another wording of the basic idea in the Golden Rule. The great teacher knew men so much better than they know themselves, even after nearly two milleniums of drastic experience. Inspired by the practical wisdom of that master Teacher whom he had never seen, the Great Apostle voiced the same sentiment in his wondrous dissertation on charity, which is in a class by itself, having no type, antetype or prototype.

Imbued with such sentiment, a school district or a city could act with such singleness of purpose that it would do wonders—achieve the almost impossible, and at the same time minister to the very individualized selfishness which is now fatally obstructive, pursuing its alleged own, regardless of others' rights.

We may have to wait yet for ages before we realize that "Perfect love casteth out fear," but we might learn from costly experience that perfect co-operation casteth out failure. Then, ought we not to know enough to know that such co-operation brings the highest possible endorsement—it pays.

Glendale's Chamber of Commerce has just been reorganized with the basic idea of All-get-together-co-operation.

If the people of Glendale will respond to the new call, what will happen?

The whole situation will be so radically improved along the simple lines of natural growth that in a short time there would not be a vacant house in Glendale, store, office, factory or dwelling. If any form of individualism or personal selfishness, active or passive, obstructs this new effort at progress, it will defeat the only objects of its existence. Why not try such co-operation? All together, for just once; a hard pull, a long pull, a strong pull, and a pull all together. It will be money in your pockets. Try it once.

Facts and Comment

Few things show the true nature of a man more than his humor. The finest humor always comes from the finest spirit.

Following two accidents to operators of auto livery cars Sunday in Monrovia the Monrovia city trustees on Monday night decided to require a bond of $2500 and a special license for every proprietor of a Monrovia auto livery in order to safeguard the traveling public in case of accident and injury or loss of life.

At the all-day session of the mid-winter conference of the Christian Church Ministers of Southern California Monday it was announced that another great religious-educational institution, to attract both theologians and students from all parts of the world, is planned for Los Angeles by members of the Christian denomination in Southern California.

Health Officer Gaylord of Monrovia was given authority Monday to place all Monrovia dairies and other dairies doing business in that city under the new grading law, making a monthly laboratory test of the dairy milk and a thorough bacteriological count and assign to each grade of milk its respective position on the scale of purity and general desirability. The milk grading will begin on March 1 and will be in accordance with the state law. In addition the dairy cows will be given tests for tuberculosis twice yearly or possibly oftener. Dr. Gaylord pays all expenses of the tests made and is given an appropriation of $15 a month in addition to his regular salary.

INTEREST IN PARLIAMENTARY USAGE

The meeting of the parliamentary law section, previous to the regular meeting of the Pacific Avenue Parent-Teacher association Thursday was one of the most beneficial and interesting ever held. There are now twenty-five active members in the class. The main motion, to study only the three R's this year in the grammar school, was actively hedged by all subsidiary motions,, then placed on the table. After the intervening business it was taken from the table and finally placed in the hands of a committee of fifteen. This active practice and instruction is very useful, as it teaches one to be able to express themself. Mrs. Harry Greenwalt, with Robert's Rules of Order, Revised, is surely getting results from the rsponsiveness of the members of the Pacific Avenue Parent-Teacher association in their business meetings, where they accomplish so much good work for the school and the neighborhood.

THE DEAD WILL ALL BE AWAKENED AT APPEARING OF CHRIST

"The Resurrection Morning" was the subject of the discourse delivered by Evangelist Philip L. Knox at Evangel hall, 115 South San Fernando road, last night. He made it clear from numerous Bible statements that the dead are "asleep" and that they will all be awakened at the same time, at the appearing of Christ. After reading to his audience Matthew 24: 30, 31, Mr. Knox said Christ will send angels "with a great sound of trumpet, and they shall gather together" his people. If they were already gathered together, one by one, as they died, there would be no need of a gathering then, he added.

"As Christ sat at the supper table with his disciples, just before his crucifixion," continued Mr. Knox, "he told his followers that he was about to leave them. We read in John 14: 1-3 that he admonished them: 'Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so I would not have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.'

"That is the purpose of Christ's coming. It is to receive his people. 'Behold, I show you a mystery,' says Paul in First Corinthians 15: 51-53. 'We shall not all sleep, but we shall all be changed, in a moment, in the twinkling of an eye, at the last trump; for the trumpet shall sound, and the dead shill be raised incorruptible, and we shall be changed. For this corruptible must put on incorruption, and this mortal must put on immortality. So when this corruptible shall have put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory. O death, where is thy sting? O grave, where is thy victory?'

"Not at death does Christ come to receive his own. No, no. Paul says it is at the 'last trump.' Not all will 'sleep,' he says. Some will live to see Christ come.

"Some of us do not grasp the full meaning of the words mortal and immortal. Mortal means subject to death. Immortal means never dying, that which cannot die. Here we are told that immortality is a thing which must be put on. If I were here in my shirt sleeves, with my coat off, I would say, 'I must put it on.' But I would not say that if I already had it on. So man, now subject to death, is not now immortal. God did not think it best to trust us with immortality. But at the resurrection day he will do that.

"Even the angels are not immortal. Some of them fell from the courts of glory. The Bible says of these wicked angels that God will bring them to ashes upon the earth in the sight of men, and that they never more shall have an existence. God intends to wipe out of existence the angels who sinned. He intends to have a clean universe.

"But if the angels are not immortal, why try to make ourselves believe that we are all immortal. There is no use denying the fact that man will die; that men do die. The way out is not by denying the facts, but through the great resurrection gateway to heaven. The devil reached the place where he said, 'I am God.' When we reach the place where we say we are immortal, we make ourselves God, for the Bible tells us in First Timothy 6:15 that God is 'the blessed and only potentate, who only hath immortality.'

"As the righteous come forth from their dusty tombs, from the sleep of death, as they join those who are alive upon the earth, but who are at that time changed to immortality, they shout together with a mighty voice, 'O death, where is thy sting?' O grave, where is thy victory?' Tonight the grave has cause to boast of a great victory. Millions of captives are locked in that prison house. But in the great day when the Lifegiver comes, and like a mighty army they gather about him, rejoicing hearts will exclaim, as they clasp again their loved ones, 'O death, where is thy sting; where is thy victory?' But why exclaim thus unless the grave did gain a victory? 'Behold, O my people. I will open your graves and cause you to come up out of your graves,' is the promise of Ezekiel 37:12."

Stereopticon pictures will be shown at Evangel hall tonight at 7:30. The question box will be opened at 7:15. The public is at liberty to ask any questions upon religious subjects desired, and these will be answered from night to night. The subject of the discourse at 7:45 tonight is "The Millenium; One Thousand Years in Heaven." Saturday night the subject will be "Where is Hell? How Long Will it Burn?"

THE SOURCE OF BORAX

The volcanic deposits on the east side of the Calexico mountains, at the edge of the Mohave desert of California, include clays containing colemanite, a crystalline borate of lime.

Colemanite contains 50.9 per cent of boric acid, 27.2 per cent of lime, and 21.9 per cent of water. The deposits near the Calico mountains are believed to have been formed by replacement of lime beds that were laid down locally during the evaporation of lake waters, at intervals between some of the great outbursts of volcanic ejecta which formed so large a part of the tertiary deposits. The boric acid was undoubtedly derived from fresh volcanic materials and carried to its present position by underground waters. The deposits are in two principal beds, each 5 feet thick and about 50 feet apart. These beds have been mined to a depth of 500 feet. All the borax produced in the United States is obtained from California mines, mainly from Lang, north of Los Angeles, and Death Valley. The value of borate ores produced in 1915 was nearly $1,700,000. The borax is made by heating the pulverized colemanite with a solution of sodium carbonate, forming the soluble sodium borate, which crystallizes. (U. S. Geological Survey, Department of the Interior).

FORTYMILE GOLD DISTRICT IN ALASKA

The earliest placer mining in the Alaska part of the Yukon basin was years hundreds of miners came to the scene of the discovery. This event opened up inland Alaska and led to the discovery of the famous Klondike placers on the Canadian side of the boundary, some ten years later. Over $200,000,000 worth of gold has been taken out of the Klondike and the Alaska Yukon placer camps in the 30 years since Fortymile was discovered. Of this about $6,500,000 worth of gold has come from the Fortymile district.

This district is described in a report published by the United States Geological Survey, Department of the Interior, entitled "The Fortymile Quadrangle, Yukon-Tanana Region, Alaska," by L. M. Prindle (Bulletin 375), which may be obtained on application to the Director of the Geological Survey, Washington, D. C.

Mrs. S. Conley, who at one time resided in Crescenta with her niece, Miss Edna Welbourn, passed away at her home in Los Angeles last week.

The balmly weather of last Sunday tempted many La Crescenta motorists to spend the day in their machines. The Culbersons drove to Redlands and returned. The Hawkins family, accompanied by Mrs. Curtis Miller, took the foothill boulevard and picnicked in San Dimas canyon. Mrs. Rudy and Miss Strode drove to the beaches.

The La Crescenta Ladies' club will meet next Wednesday afternoon, Feb. 14, at the library building. Mrs. R. E. Haines will entertain.

IT IS TIME TO ACT

Fire insurance rates have been increased in Glendale in the past few months. In many instances the rates have been more than doubled. What is the cause of this increase in rates? There have been practically no fire losses in Glendale for a number of years. The risks are not more hazardous now than they were before the raise in rates was made. The Evening News has heretofore paid $9 a thousand on $10,000 of insurance. One of the local insurance agents has notified us that the new rate on a $3000 policy that expires Feb. 18 will be $20.80 per thousand. Every owner of business property and merchandise in Glendale is vitally interested in keeping the cost of insurance down, and with this object in view a meeting will be held this Friday evening at 7:30 o'clock in the office of the Evening News at 920 West Broadway. All persons who are interested in the reduction of fire insurance rates are invited to be present at the meeting.

LA CRESCENTA

The Vaudeville

The vaudeville last Saturday night at the auditorium was a great success. The children in the Dutch dance made quite a hit with the audience in their elaborate costumes. The wonderful reading by Mrs. Mieceger was certainly enjoyed by everyone. Mrs. Scherb, in a beautiful yellow gown sang a number of selections. Violin solos by Miss Thelma Stanton of Eagle Rock were much appreciated. A very interesting speech was given by Mrs. Seymour Thomas. Mrs. Thomas took the role of a colored lady who had recently come from Arizona and gave the opinion of a newcomer to La Crescenta. Mr. Weber and Mr. Brown's vocal and piano solos were among the popular numbers of the evening. Last but not least of the acts came "Neutral," featuring Marguerite Hauber, alias Kitty White, and Lucile Levy as Harry Wright, the "new young man" from La Crescenta. It was a screaming farce from beginning to end with a joke on most everybody in the valley. The act went along fine with great response from the audience until Harry (Lucile) attempted to pick up the tennis racket. Then the crowd held their breath. The girls also appeared very charmingly dressed in their party gowns in the last act.

Miss Ruth Strode, who has been visiting in Crescenta for the past few months with her sister, Mrs. Rudy, left on Friday to return to her home in Kansas City, Mo. She was accompanied on her eastern trip by her friend, Miss May Moore, of Los Angeles.

Many residents of La Crescenta view with regret the sorry looking flag which adorns the schoolhouse flag pole. In tatters and holes it sways mournfully in the wind as though the patriotism it represents is dying or dead. The youth of La Crescenta should have a flag that will billow out to the breeze, whole and strong, like the patriotism of red blooded Americans.

Drug Store Closes

On account of recent fire and theft Mr. A. E. Wolfe has been forced to close his drug store on Montrose and Los Angeles avenues. The building, owned by Mr. Weber, will not be occupied in that part for the present. It is reported that Mr. Wolfe will open a drug store on Pico and Normandie in Los Angeles in a short time.

Mrs. Mabel Rudy is the proud and happy owner of a new Overland Chummy roadster. The fine weather of the past week has given her and her sister, Miss Ruth Strode, many opportunities of enjoying the classy machine. Miss Strode, who has spent the winter here, plans to return to her home in Kansas City, Mo., soon.

Another Victim

A smooth-tongued orator (solicitor) called at a lady's house last week and showed her a glass tumbler valued at a sky-high price, but actually worth about 5c, and told the lady if she ordered two pounds of their special coffee for 65c, six of those wonderful tumblers would be given her absolutely free of charge.

Well, a few days after, another man brings the coffee, which she can not use and which is worth about 10c a pound. It's now awaiting the man's coming to take back. The six tumblers also came with a bill for $2.50 to be paid for out of future purchases. The first man she will never see again. He gets his 50c commission and does not care whether the ship sinks or swims after his plausible, misleading statement inveigles the poor housekeeper as another victim. Don't be misled by these fly-by-night, (here today and gone tomorrow) solicitors, whom you never see again and who know no more about coffee than the man in the moon. Pin your faith in Booth, your local tradesman, who will give you better coffee and tea, and good coffee and tea that you can drink and enjoy for less.

ARGENTINE PRESIDENT FLOUTS CONGRESS

(By United Press)

BUENOS AIRES, Jan. 20.—(By Mail).—Through Minister of the Interior Gomez, President Irigoyen today served notice on congress that he proposes to lead as unostentatious a private life as he likes even if he is the chief magistrate.

Criticism of some of his personal economies developed in connection with the budget discussion in the chamber of deputies. Although the president has assigned all his salary to charity, the critics expressed the opinion that so rich a man ought, as president, to assume somewhat more state, considering the official position he occupies.

"President Irigoyen," said Gomez, "assumed his great responsibilities at the call of the people, but, as president, he does not intend to abandon his simple manner of living as a private citizen."

The president still refuses to live in the Casa Rosanda, or Argentine White House, which he has turned into suites of government offices, but makes his home in his own very modest residence with his daughter, only two or three servants and practically no company.

"Maggie, how was it that I saw a young man talking with you in the kitchen last night?" asked the mistress of the cook.

The girl pondered for a few moments and then answered: "Faith, an' I can't make it out mesilf; you must have looked through the keyhole."—Harpers.

BIG INCREASE IN ALUMINUM

The domestic consumption of aluminum in 1916, according to estimates made by J. M. Hill, of the U. S. Geological Survey of the Department of the Interior, was over 121,000,000 pounds. The estimates are based on statistics of the domestic production for the year and of the imports for 9 months. This is an increase of more than 21 per cent over the consumption of 1915. These estimates do not include the consumption of secondary aluminum obtained from scrap materials, which is believed to have also increased.
